1. Claims 1-5 are allowed.

REASONS FOR ALLOWANCE

The prior art of record does not teach or suggest individually or in combination the following:

supplying at least one of the compatibility function signal and the additional function signal to said computer main body, the additional function signal being supplied to the computer main body when the protocol selector signal identifies that the additional function signal is to be supplied.

For these reasons claim *1* is deemed to be allowable over the prior art of record, and claims *2-5* are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
